

Southeastern Early College and Career Academy (SECCA)

Offering high school and college courses to prepare students for college and the world of work

What Can I Take at SECCA?

High School CTAE (Career/Technical/Agricultural Education) Electives

(student receives high school credit):

Students may take advantage of courses not currently being taught in their high school by attending one of the other three high schools in the partnership for a portion of the school day. Any high school student is eligible for these courses.

**A new course in Automotive Technology will be available second semester 2009. Other new courses based upon demand will be offered in the fall of 2010.*

Dual Enrollment Classes (student receives high school and transferable technical college credit *at no cost to students/parents*):

Classes are offered at the home high school, on STC campus and/or online. Student must post a qualifying score on the ASSET test to be eligible.

Certified Nursing Assistant

Welding

Heating/ Air Conditioning

Law Enforcement

**Additional courses will be offered based upon student interest.*

ACCEL Classes (student receives high school credit and transferable college credit *at no cost to students/parents*):

Core academic classes are taught on the STC campus.

English

Math

Advanced Placement Classes (student receives college credit and high school credit *at no cost to students/parents*):

Classes are taught in certain high schools and are open to students from any of the four participating high schools. Students must pass an exam at the end of the course to get college credit.
