TOOMBS COUNTY MIDDLE SCHOOL

A school, like any other organization where a large number of people work together, must have policies and procedures in order to promote an orderly and efficient working atmosphere. This guide contains a list of such policies and procedures. However, no list of policies can cover every possible situation or circumstance that may arise. If a situation does arise which is not covered in the written policies, or if extenuating circumstances affecting the welfare of a student or the school arises, the administration will use discretion in dealing with it. In addition, the possible consequences for rule infractions are simply guidelines. The administration reserves the right to enforce a different punishment based on the situation.

Homeless students will be enrolled in school, even if the student is unable to provide documentation normally required for enrollment. Placement decisions will be made without delay. Homeless students may participate in classes, as well as other school activities. Please contact the local Homeless Liaison at 912-526-3141, ext. 2104, for additional information.

HOMEWORK
- What is homework? Homework is school work of any type completed outside of the regular classroom that is directly related to the course.
- What are the purposes of homework? Grades 6 – 8 students’ homework should include practice activities as well as independent student activities and/or projects. Homework reinforces, enriches, and expands the student’s understanding of concepts taught in the course. It also provides an opportunity for the student to improve study skills, to assume responsibility, and to follow instructions. Often, a natural outcome is parental involvement as a member of the educational team. For teachers, homework offers assistance in identifying individual class needs and helps the teacher to determine needed lesson adjustments.
- It is the responsibility of the student to keep up with classroom and homework assignments when absent from school. A student should ask a classmate’s assistance for missed homework assignments. Students who know that they must be out of school for several days (including hospitalization, death in family, etc.) should request assignments whenever possible. Full cooperation with these guidelines will assist the student in making appropriate plans to avoid getting behind in class work due to excusable absences from school.

HONORS
Students who maintain a 90 or above average in their subjects during the school year will be named to the yearly Honor Roll. This includes all subjects taken. Students who maintain a 90 or above in each of their subjects will be named to the Star Honor Roll. Also, perfect attendance will be awarded to students who are present every day of the school year. In order to be counted present, students who arrive late MUST be signed in to school no later than 11:30. Students who leave early, MUST be signed out after 11:30 to be counted present. In addition, in order to be eligible for perfect attendance, students must have no more than 5 tardies and/or sign-outs per semester. These awards will be given at the end of the year at the annual honor’s program. All honors that are awarded based on grades (honor roll, star honor roll, highest averages, etc.) will be determined by the students’ grades as of May 5.

HOSPITAL/HOMEBOUND
If a student is expected to be absent from school for an extended period of time due to illness, injury, or hospitalization, the parent and/or physician should request hospital/homebound services. To be approved for hospital homebound services, the student must be out a minimum of 7 consecutive days. Forms may be obtained from the school system social worker or school counselor and must be completed by the parent and physician and returned to the social worker. A teacher will be assigned by the principal to tutor the student during the extended absence.
NOTICE OF DIRECTORY INFORMATION
The Toombs County Board of Education hereby gives notice that it is our policy to disclose directory information to the public. Directory information in this school consists of a student’s name, address, telephone number, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received and the most recent previous educational agency or institution attended by the student. Parents of a minor child or an eighteen-year-old student have the right to refuse to permit the designation of any or all of this directory information to be released, but the Superintendent of the Toombs County School System must be notified in writing within two weeks of entering Toombs County Schools.

PARENTAL INVOLVEMENT
Parents/guardians, as well as community members, are encouraged to participate in the educational process of students. This involvement is encouraged through parent/teacher/administrator conferences, parent volunteer programs, parent participation in family-teacher organizations, parent and community participation on the school council, parent meetings and/or workshops, newsletters and other notes sent home, collaboration with community agencies, etc. A parent resource center with information regarding parenting, resources, discipline, etc. is also available. Parents may inquire with the school counselor to check out materials from the resource center. In addition, student handbooks will be sent home at the beginning of each year and throughout the year as necessary for new students. Parents and students are requested to sign the acknowledgment form and return it to school.

This code of conduct, year-end data involving student discipline, and other school-related issues will be presented to the school council and/or at parent meetings annually for review and revision, if necessary.

PROHIBITING DISCRIMINATION IN EDUCATION
The following procedure should be used by students, parents of students or employees in the resolution of grievances. Step 1: Any grievance concerning possible discrimination should be presented to the superintendent in writing. An answer, in writing, will be presented to the aggrieved party within ten (10) working or school days.

Step 2: If satisfaction is not received by the aggrieved party, he/she may, within five (5) working or school days, appeal in writing to the superintendent of schools. The superintendent will answer the appeal in writing within ten (10) working or school days.

Step 3: If satisfaction is then not received by the aggrieved party, the next step in the process is through written appeal, within a five (5) day period, to the Board of Education. Written reply will then be forth-coming from the regularly scheduled board meeting at which the grievance is heard.

Step 4: The last step of the procedure would be written appeal to the State Board of Education requesting a hearing.

PROMOTION/RETENTION POLICY
**LOCAL REQUIREMENTS**
Criteria for promotion:
1. Overall average of seventy or higher
2. Earn a seventy or higher in three of four academic subjects

In grades 6-8, a Promotion/Retention Committee will review the records of any student who does not meet promotion criteria.

The promotion for special education students is determined by the achievement of IEP objectives. The promotion/retention of the student who does not meet IEP objectives will be determined by the promotion/retention committee.

**STATE REQUIREMENTS**
In addition to the local requirements listed above, any eighth grade student who does not meet standards on Georgia Milestones in the areas of Language Arts & Math, may be considered for retention.

If a student does not meet standards on Georgia Milestones, the principal will notify the parents in writing of the student’s below-grade-level performance on the Georgia Milestones; the specific retests to be given; the opportunity for accelerated, differentiated, or additional instruction; and the possibility that the student might be retained at the same grade level for the next school year. A meeting will be convened immediately by the student’s homeroom teacher in order to analyze the student’s test scores and to plan the appropriate accelerated, differentiated, or additional instruction. After this instruction, the student shall be retested with the appropriate section(s) of the Georgia Milestones.

If a student does not meet standards on the second administration of the Georgia Milestones, the student may be retained at the same grade level for the next school year. The principal will notify the parents and teachers in writing of any decision to retain the student. This notice shall also give notification of the option to appeal, describe the composition and functions of the placement/appeals committee, and give notification that, in order for a student to be promoted, the decision must be unanimous.

If the parents or teachers decide to appeal, the principal will convene a meeting of the placement/appeals committee and will notify the parents and teachers of the time and place of such meeting. Regardless of the decision of the placement/appeals committee to retain or place the student, a plan of accelerated, differentiated, or additional instruction shall be developed and documented in the student’s file.

NOTE: Both the LOCAL REQUIREMENTS and the STATE REQUIREMENTS must be met in order for a student to be promoted to the next grade.
PROMOTION-RETENTION APPEALS COMMITTEE AND PROCEDURES
At the end of each school year, a committee of teachers and school-level administrators, and counselor(s) will make promotion-retention decisions based on state and local promotion retention requirements. (See Promotion/Retention Local Rules & Regulations). In the event that a parent or legal guardian desires to appeal the decision of the school-level committee, the parent/guardian must write a formal letter to the school principal requesting an appeal. A meeting of the appeals committee will be arranged and notification will be mailed to the parent/guardian within ten days following the request for appeal. Mailing the notice to the parent/guardian’s last known address shall constitute sufficient notice.

Members of the promotion-retention appeals committee may include the following with a minimum of three members* hearing any appeal:

1) Two teacher representatives or teacher designees** from the school where the child attended during the school year that the promotion-retention decision was made.
2) Instructional Supervisor(s) from the other elementary and/or primary school in the school system (i.e., the elementary or primary school not attended by the child at the time of the promotion-retention decision).
3) Curriculum Director
4) Title I Coordinator/Instructional Supervisor
5) Support Services Coordinator

*Note: If some members are unable to attend, the meeting will be held as scheduled provided that a minimum of three members are present. Otherwise, the meeting will be rescheduled.

**Note: Teacher designees will be used where there is a conflict of interest.

Procedures for Meetings of the Promotion-Retention Appeals Committee:
Parents/Guardians and school representatives (teachers, administrators, etc.) will be given no more than 20 minutes to present their case. The designated chairperson of the appeals committee will take notes or tape the meeting. Committee members may ask questions during the process. After each side is presented, the school representative and parents/guardians will be excused. The appeals committee will deliberate to determine if the decision of the school-level committee should stand or if it should be reversed. Notification will be sent in writing to the attention of the school principal. The principal will notify the parents of the decision by mail within ten days of the meeting. At the principal’s discretion, he/she may notify the parent/guardian by phone. The decision of the appeals committee will be final!

SCHOOL SPONSORED TRIPS
School sponsored trips are considered as extensions of the school program and are subject to all rules and regulations of the regular school day. Students representing our school in any way have an extra responsibility to their school, their parents, and to themselves. Any student who demonstrates that he/she cannot accept this responsibility is prohibited from representing the school in such functions for the remainder of the school term.

Exclusions: The administration reserves the right to exclude any student identified as a chronic discipline problem from any and all activities.

B. The Technology protection measure that blocks or filters Internet access may be disabled by a Toombs County School System technology staff member for research purposes to allow a student to visit a site, with legitimate educational value.

C. Students are required to complete an Internet safety course. The curriculum focuses on educating students about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyber bullying awareness and response. The course consists of an interactive presentation and will be completed prior to the end of the first semester of the school year. Students enrolling after the first semester are required to participate individually with a designated presenter. All students in grades 3-12 will sign a verification form indicating they have participated in the course. Students in grades K-2 will not be required to sign off, but the designated presenter will list the names of those who complete the K-12 instruction.
D. Toombs County School System staff will monitor students’ use of the Internet, through either direct supervision, or by monitoring Internet use history, to ensure enforcement of the policy.

E. These guidelines were put in place by the Superintendent, administrators and/or other appropriate personnel that provide for monitoring the online activities of users within the Toombs County network. The system that filters, blocks, and monitors internet traffics is in place to restrict visual depictions that are (i) obscene, (ii) child pornography, or (iii) harmful to minors, as stated in the Children’s Internet Protection Act of 2000.

F. Even though every effort has been made to protect the school system from unwanted material, the global influence of the internet makes it difficult for all undesired material to be blocked. Therefore, the Board cannot assure parents or the public that the students and/or staff will be completely blocked from sending or receiving objectionable communications. All staff and students must assume responsibility for their own behavior and communications over the Toombs County network.

G. The Toombs County Board of Education makes no warranties of any kind, either expressed or implied, for the resources it provides over the internet. The Toombs County Board of Education will not be responsible for any damages suffered while using the services, including but not limited to, loss of data, loss or damage to personal equipment, delays, non-deliveries, service interruptions, or exposure to offensive or threatening material. Computer users are strongly encouraged to maintain back-up files of all information that is not easily replaced.

H. The Toombs County Board of Education specifically denies any responsibility for the accuracy obtained through the Internet. Any information obtained through the Internet is a responsibility undertaken by the user, as the Internet is fundamentally unregulated and the information found there has not been verified for accuracy. The Toombs County Board of Education denies any responsibility for the accuracy of the information obtained through its computing resources.

VIOLATION OF POLICY
Access to technology is a privilege, not a right. This privilege may be revoked at any time. Any violation of school policy and rules may result in loss of school-provided access to the Internet. Additional disciplinary action may be determined in keeping with existing procedures and practices regarding inappropriate language or behavior. When and where applicable, law enforcement agencies may be involved.

TOOMBS COUNTY SCHOOL SYSTEM
Security Awareness

Purpose of this policy
• To safeguard the integrity of the Toombs County School System’s computers, network, and data.
• To ensure that the use of all electronic communications complies with the policies of the Toombs County School System.
• To protect the Toombs County School System against any damaging legal consequences.

Use of Passwords and IDs
• Access to the Toombs County network is restricted to authorized users. Each user is given a login name and a generic password. The first time a user logs in, the user needs to change their password. The password and/or paraphrase should be easy for you to remember but NOT easy for others to guess. It should be an alphanumeric password and special characters are suggested. Please understand that when you are logged in under your account, you are responsible for ALL activity under that login. If you feel your password has been compromised or just need help in changing it, please let the System/Network Administrator assist you.
• Employees, students, and temporary workers shall acknowledge that they have been informed and are aware of Toombs County Board of Education Policy by signing the Acceptable Use and Internet Safety policy form.

Use of Computers
• All users will log off of their computer when leaving it unmonitored for any amount of time. When the staff leaves for the day, computers are to be turned off unless otherwise instructed for updating purposes.
• Any personal equipment (computers, laptops, PDA’s, digital cameras, external hard drives, flash drives, etc.) that is brought into the Toombs County network system should be approved by the media specialist or the technology staff prior to hooking it up. This is to ensure that we have installed our virus software or scanned the device so that our network will not be compromised.
• All computers are behind a filter for the CIPA rules. Do not attempt to bypass any filters to gain access to blocked websites.
• Do not attempt to buy, sell nor advertise anything using the school computer and network.

Use of Software
• All employees are prohibited from installing any software that has not been approved by the technology department. All programs should be approved BEFORE they are purchased or installed. This is to ensure the compatibility with our servers and workstations. The Toombs County Board of Education complies with all copyright and licensing laws.

Virus Protection
• All servers, computers, and laptops will have antivirus software running on them at all times to protect them from outside threats. The antivirus will run a nightly scan on computers and will be updated with the newest virus definitions weekly. When installed and properly configured, this product provides significant protection from viruses.
GENERAL PROCEDURES

ANNOUNCEMENTS
Announcements to be made over the intercom should be submitted by teachers, not students. Students should work through their club or sponsor to have announcements made. Any poster or sign should be approved by a principal or assistant principal before being posted anywhere on the school campus.

ARRIVAL/DEPARTURE
To promote safe and orderly arrival and departure from school, auto traffic will be directed to the front campus. Autos bringing or picking up students must come to the front of the campus at all times. School buses will load students from the back campus in the afternoons. No auto traffic will be permitted on the back campus until after 3:45 p.m.

Students waiting to be picked up after school must wait directly in front of the office in the designated area.

Students should not arrive at school before 7:30 a.m. as there will be no teacher on duty to supervise the campus prior to that time. Students arriving after the 7:35 bell must go immediately to their homeroom. Students are to go to the cafeteria only if they wish to eat breakfast. Students must not sit in cars with anyone upon arrival at school and must not go to any car which stops on the campus or any street adjacent to the campus without permission from the teacher on duty.

BELL SCHEDULE
7:30 – Faculty and Staff Arrive
7:30 – Students Enter Building
7:35 – Students Go To Homeroom
8:00 – Tardy Bell
3:10 – School Dismissed

BACKPACKS/BOOKBAGS
Bookbags will no longer have to be clear or mesh. Students may carry bookbags that are solid in nature. The bookbags may be rolling as long as the bookbags have retractable handles. This rule applies to students who are bus riders or car riders. When boarding the bus, students must sit in their assigned seats with their bookbags in their laps.

CAR RIDERS
Car riders are dismissed each day at 3:10 p.m. and should be picked up no later than 3:30. It is essential that these students be picked up on time as faculty members are involved in after school planning/meetings and adequate supervision may not be available. Parents will be contacted by the administration if the parents are habitually late in picking up the students.

CHANGE OF ADDRESS/PHONE NUMBER
A student should report a change of address or phone number to the office of the registrar immediately.

DRESS CODE
The Toombs County Middle School dress code requires students to dress in a manner conducive to maintaining an academic focus. In the selection of school attire, parents and students should exercise good taste and good judgment. Many "fads" in dress are not appropriate for school. Therefore, student dress should reflect acceptable standards of neatness and modesty and should not distract from or cause disruption to the educational process.

The administration reserves the right to determine if a student’s dress, hairstyle, etc. are too casual, too revealing, or too distracting to be considered appropriate for school.

Tops
- Long or short sleeved shirts, dress shirts, t-shirts, polo type shirts, sweaters, and sweatshirts which are size appropriate are allowed.
- Shirts must be below the waist line even with arms raised above the head or when the student is seated.
- Sheer fabric outer wear will not be allowed.
- Shirts with deep scooped necklines will not be allowed.
- Sleeveless shirts, halter tops, tank tops, and spaghetti straps will not be allowed.
- Jackets are permitted but may not be worn to cover inappropriate clothing. Trench coats are not permitted.

Bottoms
- Pants, khakis, jeans, capris, and athletic pants (e.g. warm-ups) that are size appropriate, worn at the waist, and are hemmed or cuffed are allowed.
- Pajama pants are not allowed.
- Shorts that are size appropriate, worn at the waist, and are hemmed or cuffed are allowed. Shorts must be no shorter than five inches from the top of the knee.
- All students must wear pants/shorts snugly enough to keep them well above the hips.
- Jumpers and overalls will be allowed.
- All pants, overalls, and jumpers must have all buttons buttoned and all fasteners fastened.
- Dresses and skirts must be no shorter than 5 inches above the knee. Slits in skirts must not extend beyond 5 inches above the knee. Dresses, skirts, or shirts worn over tights/leggings must also meet the five inch rule.
**Headgear**
- Headgear of any type is unacceptable. No hats, bandanas, hoods, knit caps or stocking caps may be worn anywhere on school grounds or buses.
- Students who wear headgear during inclement weather (outside the building or school bus) must remove it before entering the school. These items must be stored in a backpack.
- Sunglasses are not allowed.

**Shoes**
- Flip flops or slides of any kind are unacceptable.
- All shoes worn must be secured at the toe and heel with shoelaces tied, buckles secured, or Velcro fastened.
- Bedroom shoes of any kind are not acceptable or any shoes of extended length (clown shoes) or height (not to exceed 2 inches).

**Jewelry/Accessories**
- Chains hanging from pockets, dog collar-like necklaces, spiked collars, bracelets, studded anklets or belts are not permitted.
- Belts must be flat with no symbolic message on the buckle or belt.
- Gloves are not permitted.
- Only studs or conventional ear rings may be worn in the ear. The number of earrings must not exceed 4 per ear. No other accessories will be allowed for body piercing.
- All permanent tattoos must be covered unless etched on the hands or face. Temporary tattoos or other types of body painting (except moderate types of makeup and lipstick) are not allowed.

**Hair**
- Hair must be free of curlers, picks, or combs at all times.
- Hair must be of a natural human color. (*Note: The purpose of this rule is based on the disruptive/distractive nature of some hair colors. The final determination regarding school-appropriate hair color will be made by the administration.*)
- Wigs may be worn if the student is medically fragile as noted by a physician’s statement, and the wig is necessary because of loss of hair.
- Hair should be kept neat and combed and should not draw excessive attention to individuals.

**General Guidelines for Students:**
- All clothing, bottom or tops, must have appropriate hems and no inappropriate holes, frays, rips, or tears. If pants or shorts have holes that are more than 5 inches above the knee, shorts, tights, or pants must be worn underneath so that no skin is showing.
- All clothing must be appropriately sized. No oversized or baggy garments will be allowed (for example: pants must be worn at the natural waistline and not drag the floor). Clothing should not be excessively tight or form-fitting. Bike shorts, spandex apparel, yoga pants, etc. will not be allowed unless a shirt that is no more than five inches above the knee is worn. *As with all clothing decisions, administrators will have the final say as to whether a garment is too loose or too tight.*
- All garments should cover the body in an appropriate manner and not reveal the anatomy of the person other than the head and neck, or low extremities of the arms and legs.
- No “top” or “bottom” should be the same color, except in the case of a matching pant set or suit.
- Clothing, jackets, jewelry, and accessories may not advertise anything associated with alcohol, tobacco, guns, violence, drugs, gang-related activity, sexual connotations, or any item/saying/phrase that creates a hostile or disruptive environment.
- Bandanas are not allowed at school.
- Cosmetics, including but not limited to eye make-up, nail polish and lipstick, can only be worn in a manner as to not draw excessive attention to the person.
- Proper undergarments must be worn at all times. Undergarments must not be exposed.
- In the event of a medical necessity (e.g. broken leg, 504 plan, IEP), the school or system administrator may take temporary variations in this policy.
- A new student (one who has not previously enrolled) will be allowed five school days to make arrangements to conform to the dress code.
- School administrators may alter the dress code for special occasions or extracurricular activities.

**DRESS CODE VIOLATIONS**

Violation of the dress code will not be allowed. Offenders will be given a verbal warning by school personnel if the student simply needs to make an adjustment in the manner in which the clothing is worn.

If school personnel observe a violation of dress code that can’t be immediately corrected and a warning given, then the student will be referred to a school administrator. The administration will then determine consequences based on the severity and frequency of dress code violations. Consequences may include dress modification, parent contact to bring appropriate clothing, or ISS. A student’s refusal to comply with dress code, repeated offenses, or violations of a severe nature may result in a higher degree of discipline.
FIRE DRILLS AND TORNADO ALERTS
Fire drills are required by state law. When the fire alarm sounds, student and teachers should follow procedures as outlined in the Emergency Preparedness Plan. Tornado drills are also required by state law. Severe weather drills will be indicated by three short blasts of the school bell followed by an intercom announcement detailing the severe weather. Students and teachers should then follow procedures as outlined in the Emergency Preparedness Plan.

FUND RAISERS
All fund raising activities must be approved by both the principal and the Superintendent for the Toombs County Board of Education.

GUIDANCE AND COUNSELING SERVICES
If you need help with school problems, personal and/or family problems, making plans for the future, or other concerns, persons specially trained to assist you are available. You may go by during free time or request a special appointment by signing your name on the notepad in the front office. The counselor is anxious to be of service. Confidentiality is assured in the guidance office.

HALLWAY RULES
Common courtesy observed in the halls will help to ease the congestion. Students should move in a quiet, orderly fashion on the right side of the hallway. Students must line up outside classrooms in a single file line against the walls. The middle of the hallway needs to be free at all times.

HEALTH AND IMMUNIZATION RECORDS
Any student enrolling in a Georgia school for the first time must present a Georgia Health Certificate. This can be obtained from a private physician or the Health Department. All students must present a statement from the Health Department or a doctor indicating that all the immunizations are up to date, or they will not be able to enter school. This includes eyes, ear, and dental examination certificates. (Georgia School Law, Title 20, Article 16, Part 3, 20-2-770 and 771.)

HEALTH ISSUES
Early in the morning it is often difficult to make a decision about whether or not your child is sick enough to stay home from school. With minor symptoms, you often cannot tell whether he/she is going to get better or worse during the course of the day.

The main reasons for keeping your child home are:
- If he/she is too sick to be comfortable at school; and/or
- If he/she might spread a contagious disease to other children.

As a rule of thumb, a child should stay home if there is:
- A fever over 100.4°F;
- Vomiting more than once;
- Diarrhea;
- A very frequent cough;
- Persistent pain (ear, stomach, etc.); and/or
- A widespread rash.

If any of these symptoms occur during the school day, you will be notified and required to take your child home. If the parent cannot be contacted, the emergency number provided will be called. If no contact can be made, the student will be kept in class or in the nurse’s station until contact is made or until dismissal time. Home, work, and emergency telephone numbers should be kept up to date with the school office and the homeroom teacher. This is for the safety of your child!

Most of the above listed problems need to be discussed with your child’s physician to determine if an office visit is needed. On the other hand, children who don’t have a fever and only have a mild cough, runny nose, or other cold symptoms can usually be sent to school without harm to themselves or others. The following guidelines apply:
- **Minor cold or allergy** symptoms should not be a reason to miss school.
- If your child’s cough is worse than you might expect with a common cold, you may need to consult your child’s doctor.
- A single episode of **vomiting**, without any other symptoms, may not be reason enough for the child to miss school, but be sure the school can ready you if symptoms occur again during the day. A single episode of watery **diarrhea** probably warrants not going to school.
- Children with a **fever** (generally considered to be over 100.4°F) should stay home until there is no fever for 24 hours without the use of fever reducing medication such as Tylenol or Motrin.
- Children diagnosed with **strep throat or scarlet fever** should remain out of school until they are without fever and have been on antibiotics for 24 hours.
- Children with **pinkeye** should see their doctor. If diagnosed, children should remain home until they have been on antibiotic eye drops at least 24 hours or until their doctor recommends their return.
- **Middle ear infections** are not contagious to others. Children should stay home if they have fever or pain.
- Children who have been diagnosed with the **flu** should stay home until symptoms improve (usually 5 to 7 days) or until the doctor recommends returning.
• **Impetigo** is contagious and is passed by direct contact. The child’s physician will recommend the length of time to be out of school.
• **Chickenpox** is highly contagious. Children with chickenpox must stay home until all bumps are scabbed and no new bumps have appeared for two days.
• **Ringworm** is a contagious fungal infection. It may be treated with anti-fungal creams and should be covered during school hours.
• **Scabies and lice** should be treated immediately. Refer to the Head Lice policy in this student handbook for additional information.

Whenever there is doubt about sending your child to school, consult your child’s doctor before doing so. A phone conversation may be all that is necessary. You may also call Children’s Healthcare of Atlanta 24-hour nurse advice line at 1-404-250-5437 for advice when your child’s doctor’s office is not open. **This general healthcare information should not be used as a substitute or in place of contacting your child’s healthcare provider. © Children’s Healthcare of Atlanta.**

“**THIS INSTITUTION IS AN EQUAL OPPORTUNITY PROVIDER**”

The Toombs County School system has adopted a Wellness Policy that impacts both the school lunch program and snacks sold during break. Nutrition guidelines that require the use of products that are high in fiber, low in added fats, sugars, and sodium, and served in appropriate portion sizes consistent with USDA standards shall be established for all foods offered by the School Nutrition Program or contracted vendors. Snack vending machines will provide single serving snacks with (recommended) 300 for fewer calories, 6 grams of fat or less, 1 or more grams of fiber and at least 10% of RDA of calcium, iron, vitamin A or Vitamin C, protein, and fiber. POLICY JCDA: STUDENT CODE OF CONDUCT (revised 4/12/18)
It is the policy of the Toombs County Board of Education that each school within this school district shall develop and implement age-appropriate student codes of conduct designed to improve the student learning environment and which will comply with state law and State Board of Education Rules. Each code of conduct shall include the following, at a minimum:

1. Standards of student behavior during school hours, on school related functions, on school buses and at school bus stops designed to create the expectation that students will behave themselves in such a way so as to facilitate a learning environment for themselves and other students. The standards should be designed also to encourage students to respect each other and school district employees, to motivate students to obey student behavior policies adopted by this Board and to obey student behavior rules established at each school within this school district;
2. Behavior support processes designed to consider, as appropriate in light of the severity of the behavioral problem, support services available at each school, the school system and other public entities or community organizations which may assist students to address behavioral problems;
3. Progressive discipline processes designed to create the expectation that the degree of discipline imposed by each school will be in proportion to the severity of the behavior of a particular student, the previous discipline history of the student and other relevant factors, while ensuring that each student receives the due process mandated by federal and state law;
4. Parental involvement processes designed to enable parents, guardians, teachers and school administrators to work together to improve and enhance student behavior and academic performance. The process should enable parents, guardians and school employees to communicate freely their concerns about student behaviors that detract from the learning environment.
5. All other specific requirements as set forth in any existing State Board of Education Rule or in Georgia law. Each school shall involve parents in developing and updating student codes of conduct. Each code shall require disciplinary action for each infraction of the code. A copy of each student code of conduct shall be provided to the board for review. The student code of conduct shall be distributed to each student and the student's parents or guardians during the first week of school and upon enrollment of each new student. The parents shall be requested to sign an acknowledgment of the receipt of the code of conduct and return promptly the acknowledgment to the school. The student code of conduct shall be available in the school office and each classroom.

3. Conduct which could result in the student being criminally charged with a felony or conduct for which a student has been arrested, indicted, adjudicated to have committed, or convicted; and
4. Conduct which makes the student's continued presence at school a potential danger to persons or property at the school or which disrupts the educational process.

WRITTEN NOTICE OF HEARING:

Toombs County Schools shall provide written notice of the relevant procedures to the student's parent/guardian/ student age 18 or older. The notification shall include the following:

DELIVERY OF NOTIFICATION:
The notice of hearing shall be delivered to the student and his/her parent/guardian either in person, by first class mail, certified mail return receipt requested, and/or delivery confirmation, to the last known address of the parent or guardian. If notice is delivered in person, a written confirmation of delivery should be obtained by the person delivering the notice to the parent/guardian. Service shall be deemed to be perfected when the notice is deposited in the United States mail with sufficient postage addressed to the last known address of the parent/guardian.

TEACHER REPORTING REQUIREMENT:
It is the policy of the Toombs County Board of Education that the Superintendent shall fully support the authority of principals and teachers to remove a student from the classroom pursuant to Georgia law as cited in 20-2-738 and 20-2-751.5(d). A teacher shall have the authority, consistent with Board policy, to manage his or her classroom, discipline students, and refer a student to the principals or his designee to maintain discipline in the classroom. Any teacher who has knowledge that a student has exhibited behavior which violates the student code of conduct and repeatedly or substantially interferes with the teacher’s ability to communicate effectively with the students in his/her class or with the ability of each student's classmates to learn shall file a report of such behavior with the principal or his designee. The principal and teacher shall thereafter follow the procedures set forth in Georgia law, specifically O.C.G.A. 20-2-737-738. The Superintendent and/or his designee shall ensure that procedures are disseminated as necessary for implementation of this policy and applicable state laws.

ADDITIONAL INFORMATION:
The Toombs County Board of Education recognizes the right of all children who reside in the Toombs County School District to attend its public schools. However, with that right comes the responsibility to maximize one's own learning opportunities without jeopardizing or interfering with fellow classmates’ right to learn. It is the purpose of the Toombs County School District to operate the school system in a manner that will provide an orderly process of education and that will provide for the welfare and safety of all students who attend our schools.

Each of our school’s primary goals is to educate, not to punish; however, when the behavior of an individual student comes in conflict with the rights of others, corrective actions may be necessary for the benefit of that individual and the school as a whole. Accordingly, students shall be governed by policies, regulations and rules set forth in this Code of Conduct and Discipline Procedures.

Students shall:
- Respect constituted authority, including teachers, administrators, bus drivers, and other school employees. This shall include compliance with school rules and regulations and applicable provisions of law;
- Attend school daily, except when excused, and be on time to all classes and other school-day functions;
- Pursue and attempt to complete the course of study prescribed by the state and local school authorities;
- Protect and take care of the school's property and the property of others;
- Dress and groom to meet fair standards of health and common standards of decency;
- Avoid the use of indecent or obscene language, both written and oral; and
- Avoid conduct that will demean or slander others.

With full sanction by the Georgia General Assembly, the Governor, the State School Board, the State School Superintendent, the Toombs County School Superintendent, and the Toombs County Board of Education, the principal and faculty of each school will enforce rules and regulations that are necessary for the efficient operation of the school, the health, and general welfare of each student as outlined in the school’s and school system’s policy and procedures handbook.

Parents have the primary responsibility for the proper conduct of their children. Violation of school policies by students shall jeopardize their right to attend Toombs County Schools.

Discipline in the classroom is the responsibility of each teacher. Discipline in the buildings, halls, and playground is the responsibility of every teacher.

Students causing discipline problems on the school buses are subject to the same or similar corrective measures as those who misbehave on the school campus. Progressive discipline procedures are utilized on the buses ranging from warnings for minor infractions given by the bus drivers to permanent suspension from the bus for major infractions given by the school system administrators and/or the Toombs County School System Tribunal.

STUDENTS are the major contributors to the educational process and they put forth their best efforts during the process when they:
- Accept responsibility for their actions and education while abiding by established school rules, regulations, and laws of the community, state, and nation;
- Come to school with a positive attitude in order to maximize opportunities for academic and personal growth;
- Model positive behavior and language which reflect cooperation with all members of the school community; and
- Come to school prepared to learn, bringing only those items and materials which are appropriate for the educational program.
**SCHOOL SYSTEM PERSONNEL** provide a safe and supportive environment conducive to learning and based on high standards of conduct and performance when they:

- Consider issues related to school safety when engaging in the school improvement planning process;
- Participate in the assessment and provision of a safe learning environment, including school security, school climate, and disciplinary interventions;
- Use assessment findings in determining school improvement goals and professional development needs;
- Model behavior standards by acting in a respectful manner towards students, other staff, and parents;
- Implement established discipline policies and programs consistently;
- Stay informed and remain alert to ensure that the school and system emergency preparedness plans are activated when a crisis develops;
- Establish in conjunction with school improvement teams procedures for interacting with the media to promote school initiatives and to inform the community in the event of a crisis; and
- Help in developing a curriculum that meets the educational needs of all students.

**PROGRESSIVE DISCIPLINE:**
The Toombs County School System utilizes a system of progressive discipline involving the concept that the degree of discipline will be directly correlated to the severity of the behavior, that previous discipline history and other relevant factors will be taken into account, and that due process as required by state and federal law will be followed. Furthermore, discipline includes opportunities for students to practice character traits related to the misbehavior (based on traits identified in Georgia’s Character Education Program). The progressive discipline model is divided into five categories as follows.

**Level I-** Level I discipline is used for minor acts of misconduct which interfere with orderly school procedures, school functions, extracurricular programs, approved transportation, or a student’s own learning process. Level I discipline management techniques include, but are not limited to, the following: detention, loss of recess, isolation, conferences, school service projects, restriction from school programs or assemblies, partial or whole day in-school-suspension, cleaning or repair of damage, etc.

**Level II-** Level II discipline offenses are intermediate acts of misconduct that require administrative intervention such as repeated acts of minor misconduct possibly directed against persons or property. Level II discipline management techniques include, but are not limited to, the following: conferences, restriction from programs and assemblies, detention, in school suspension for up to 5 days, out of school suspension for up to 3 days, cleaning/repair of any damage, financial restitution, corporal punishment, etc.

**Level III-** Level III discipline offenses are serious acts of misconduct, serious disruptions of the school environment, threats to health, safety, and property, and other acts of serious misconduct. Level III discipline management techniques include, but are not limited to, the following: restriction from programs and assemblies, in school suspension for up to 10 days, out of school suspension for up to 5 days, cleaning/repair of damage, financial restitution, corporal punishment, etc.

**Level IV-** Level IV discipline offenses are the most serious acts of misconduct. These offenses must be immediately reported to the principal. They may also require the use of outside agencies or law enforcement. Level IV discipline management techniques include, but are not limited to, the following: out of school suspension for up to 10 days, cleaning/repair of damage, financial restitution, corporal punishment, expulsion, etc.

**Level V-** Level V discipline is used for students in grade six or higher whose behaviors cause them to be excluded from the regular school program. Examples of Level V behavior include chronically disruptive behavior, extremely violent behavior, and weapon possession. Students in this category may be subject to decisions made by the school discipline tribunal including alternative placement, expulsion, etc.

**DISCIPLINARY PROCEDURES:**
A major consideration in the application of discipline code is that disciplinary action taken by school officials is the least extreme measure that can resolve the discipline problem; yet, it will become more progressive if necessary. Circumstances to be considered include, but are not limited to, the following factors: age, health, maturity, academic placement of the student, prior conduct, attitude, cooperation of the parents, willingness to make restitution, and the seriousness of the offense. Such factors may be taken into account in determining the punishment to be imposed, including any decision to impose a punishment that is more or less severe than suggested in this Code of Conduct.

Consequences of a student’s behavior range from teacher-student conferences to short-term suspension (10 or fewer days) from school. Other examples of consequences are temporary or permanent (teacher initiated) removal from class or activity (permanent removal from an extra-curricular activity must be approved by the school principal after deliberation with the activity sponsor); after school detention, behavioral probation, referral to student services, parent conference, In-School Suspension (ISS), suspension of driving privileges for high school students, counseling, corporal punishment, restitution, and referral to appropriate law enforcement or juvenile court officials. Students may be suspended due to repeated violations of any rule. The MAXIMUM punishments for any offense include long-term suspension or permanent expulsion, but these punishments will be determined only by a disciplinary tribunal as outlined in Georgia State Statue and Toombs County School Board Policy.

A conference with the student must precede any immediate suspension from school. If immediate suspension is the action that is taken by the school administrator, it will not exceed 10 school days and parents/guardians will be notified.
either in person, by phone, or by mail. School officials may involve law enforcement officials when evidence surrounding a
situation necessitates their involvement.

You may expect school officials to conduct regular searches of school lockers, desks, or any other school property.
Individual students, student book bags/pocket books, student cars, and all other cars parked on school property shall be
subject to inspection and search by school authorities at all times without further notice to students or parents. Such
searches may be conducted using drug-sniffing dogs or hand-held metal detectors. Individual student searches shall not
be overly intrusive unless there is reasonable suspicion that the student is carrying a weapon. (Refer to JCDAE for
Toombs County Weapon Policy)

The Toombs County School System reserves the right to use walk-through and hand-held metal detectors and drug-
sniffing dogs at any school function, including activities which occur outside normal school hours or off the school campus. Students and school employees or school visitors are hereby notified that metal detectors and drug-sniffing dogs will be
used at the discretion of school administrators and/or law enforcement personnel to make our school physical facilities as
safe as possible.

CORPORAL PUNISHMENT:
No student has the right to interfere with the educational opportunities of other students. For that reason, it is expected
that each student will observe a code of personal conduct that will allow every student the opportunity to learn in the
Toombs County School System. The principal and faculty are charged with the enforcement of necessary rules of
conduct that will provide for the efficient operation of the school. Although parents have the primary responsibility for the
proper conduct of their children, school faculty members and administrators must have the authority to act in a reasonable
and prudent manner in the place of the parent at the school setting.

Since violation(s) of certain school policies by students can jeopardize their right to attend Toombs County Schools, other
alternatives for punishment in lieu of out-of-school suspension (OSS) may be considered; the use of corporal punishment
is one such option.

Corporal punishment is authorized in the Toombs County School System by certified system administrators and teachers
(substitute teachers and paraprofessionals are not authorized) under the following circumstances:
1. It must not be unduly severe.
2. It should not be used as the first line of punishment for misbehavior (documentation of other means of punishment
   for correction of student’s behavior must be evident).
3. It must be administered in the presence of designated professional employee(s) who has/have been informed
   beforehand, in the student’s presence, of the reason for the punishment.
4. Upon request, the parent(s) will be provided written explanation of the reason(s) for the punishment and the name(s)
   of those present.
5. It must not be administered to a student whose parent(s) on the day of enrollment have filed a statement prohibiting
   the use of corporal punishment for his/her child. Such request(s) must be made each year.

Corporal punishment is defined as reasonable bodily punishment, justly and reasonably administered. It may be
administered with a wooden paddle approximately 24 inches long, 5 inches wide, and ¼ to ½ inches thick.

We believe that more suitable and more effective means of punishment may be available, and corporal punishment
should be used when other alternatives have shown little or no effect in correcting a child’s misconduct.

Students who cause discipline problems on school buses, extra-curricular activities, or other school related events are
subject to the same corrective measure (including corporal punishment) as those who misbehave on the school campus.

IN-SCHOOL SUSPENSION (ISS):
The purpose of In-School Suspension is:
• To serve as an alternative to suspension from school.
• To help suspended students acquire the kinds of social attitudes, values, and skills which in turn will result in
  productive social behavior.

Assignment and Eligibility
• The principal may attempt other types of intervention strategies prior to assigning a student to ISS. These
  strategies may include counseling and/or advisement, conferences with parents, use of “time-out room”, and
  corporal punishment. Students may not participate in any after school activities while assigned to ISS. They
  may practice but not play in scheduled games.

If ISS rules are not followed or if a student continues to misbehave once assigned to ISS, the student may be assigned
OSS for the remaining ISS days. Misbehavior in ISS will not be tolerated.

OUT-OF-SCHOOL SUSPENSION:
When conduct severely interferes with the learning environment and if ISS has not improved the behavior, then out-of-
school suspension is warranted. Classwork, tests, etc. that are assigned during a student’s OSS days may be made up at
the discretion of the teacher and administrators.
TEXTBOOKS, LIBRARY BOOKS, AND FINANCIAL OBLIGATIONS
Textbooks and library books that are issued to or checked out by a student must be returned to the teacher who issued the book or returned to the library. Any and all books that are not returned must be paid for. Each student is responsible for returning the book that he or she checked out or was issued. Substitute books are not acceptable. Those students who do not return property that belongs to the school or Board of Education must pay for the books, other property, or damages. All financial responsibilities must be cleared by the student each semester. For those students who fail to meet their financial obligations, the following action will be taken. Until payments are made, student will not be able to:

- Receive books for the next term
- Participate in extracurricular activities if all uniforms from the previous term are not returned
- Receive a report card

Any knife, razor blade or other such weapon brought to school by mistake must be turned in to the office or a teacher immediately to avoid punishment. Any knife brought to school will be returned to the parent only on the first offense. Subsequent offenses will result in the knife being kept until the end of the school term.

**BUS CONDUCT**

**Regular Routes, Field trips, and Athletic/Band Trips**

When a student is in visual range of a bus driver or loading the bus, he/she is under school authority and all school rules and regulations apply to his/her conduct. All students who ride school buses in our system are subject to the rules and regulations established for safe pupil transportation. Students are expected to behave properly on the school bus and follow instructions given by the driver at all time. Maintaining proper conduct on the school bus must be a joint effort by students, parents, bus drivers, and school officials. Misbehavior on the part of a student which distracts the driver from his/her operation of the vehicle jeopardizes the safety of all passengers. Failure to abide by the rules and regulations may endanger all those who are riding on the bus and will not be tolerated. The opportunity to ride the bus is a privilege, not a right, and should be treated as such.

**Please Note:** Children who cannot take care of themselves will not be allowed to get off the bus alone when no one is at home. Drivers will complete their route and come back by the child’s home on the first occurrence. The school will notify the Sheriff’s Department and the Department of Family and Children’s Services and attempt to call emergency phone numbers. On the second occurrence, the child will be carried back to school or to the Sheriff’s Department and the Department of Family and Children’s Services will be called. If the problem persists, the child may face out of school suspension due to negligent parents.

Students will be given a copy of the “Student Rules of Conduct on Buses”. This form MUST be signed and returned by ALL students. These rules may also be found in the “Toombs County Schools: Calendar of Events, Policies, & Procedures”.

**Minor offenses** will be handled by the bus driver. Minor offense report will be given to students to take home. It should be signed by the parent and returned to the driver. The third minor offense becomes a major offense.

**Major offenses** will be handled by school administrators.

- Third referral – 7 day suspension form ALL buses. Parent conference must be held.
- Fourth referral – 10 day suspension from ALL buses
